## 5000 SERIES INDUSTRIAL UPS NEMA 3R SOLUTION

### **Toshiba 5000 Series NEMA 3R Solution Uninterruptible Power System**

- Rain, Sleet, Sun, & Snow Resistant Enclosure for Outdoor Applications
- Double-Conversion All-IGBT Topology
- 15 kVA to 30 kVA
- 480 V & 208/120 V Models Available
- 288 Vdc Battery Link
- Internal Maintenance Bypass
- 65 kAIC Rated
- Fuseless Lightning Surge Protection
- 20-Year Design Life Capacitors & Components

## 5000 SERIES INDUSTRIAL UPS 3P1 SOLUTION

### Toshiba 5000 Series 3P1 Solution Uninterruptible Power System

- Ready for Chemical Plant Applications
- Double-Conversion UPS Protection
- 50 kVA Three-Phase Input, Single-Phase Output (3P1 Model)
- 480 V Three-Phase Input, 120 V Single-Phase Output
- 120 V DC Battery Link
- Internal Maintenance Bypass
- Copper-Wound Galvanic Isolation Transformers
- 65 kAIC-Rated
- 20-Year Design Life Capacitors & Components
